

Welding Technologies

MASTERMIG 400 230-400V code 827004

Three-phase, fan-cooled, wire welding machine on wheels for MIG-MAG/FLUX and brazing welding with removable 4 reels wire feeder. Flexibility of use with a wide range of materials such as: steel, stainless steel and aluminum. Numerous steps for regulation of arc voltage. Thanks to the extensions (optional) it is possible to increase the working range between wire feeder and power source up to 10 meters. Complete with MIG-MAG welding accessories. Optional: "Spot Timer" electronic box with double timer.
